

# LOUADA MANOR FARMS DISPERSION

Monday,  
May 22, 1961

Remember this picture? It was used in the 1959 Louada catalog to show you the kind of daughters of **Bapton Constructor** Louada was keeping. Five of the eight sell in this sale.

Louis Cadesky

In response to the many kind letters of concern regarding the Louada herd, I deem it important to clarify my position regarding this sale and the future of Louada.

First, may I assure you that Louada is going on. Only unforeseen circumstances make this sale necessary.

There are 26 cows, adult vaccinates which will not be sold. This group represents some of the most famous cows of the breed . . . and in practically every instance these cows are represented through daughters and granddaughters selling. Apart from these, every animal Louada owns will be in this auction.

We have tried to do a job here under the capable management of Wib Donaldson. No herd of registered cattle in the world has been culled more closely through the years than Louada. What we have been able to accomplish, without the benefit of a huge cow herd, is ample evidence that every cow carried her share of the load. The cow herd has been kept young in age, prolific and healthy. Slow breeders were discarded immediately. Any cow that did not produce a top calf every year went out of the herd. Replacement females were selected only from the best families. Regardless of how good a female looked, how strong her pedigree, how much she cost . . . no cow has ever stayed unless she produced calves to meet our standards.

To me, we are not just selling cattle, we are selling years . . . and this is something no one can spare. As you review this catalog it should be obvious what we were trying to do each year . . . save the very best daughters of Constructor out of our strongest female families. I know what it is to try to put together a top cow herd. I only wish that when we had started there had been an opportunity such as this sale . . . where in one shot we could have accomplished so much. In short, I believe sincerely the gamble has been taken out of the females we are selling.

My association with the Shorthorn breeders has been a happy one, and I hope it will long continue. I like the people in it and the challenge of breeding the best.

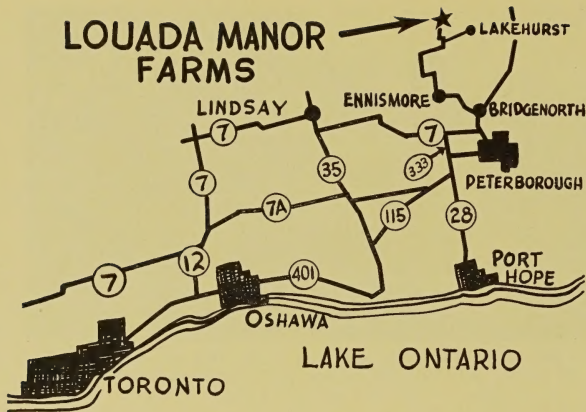

Louada will continue to be strong in quality.

*P. Parker*

These cows and calves were sold in the 1956 Louada sale. All Louada sale cattle and the cow herd are exhibited outdoors.

We are not simply selling cattle . . . but years of a planned program.

Going East out of downtown Toronto take the new super-highway 401 through Bowmanville, then North and East on 115 to 28. Follow North a short distance on 28 to 133 and continue North to 7. You need not go into Peterboro, but turn off Highway 7 on road to Bridgenorth. From here our farm signs will guide you through Ennismore and onto the farm. If you are traveling North of Toronto take Highway 7 and then proceed as outlined above. It is a little more than a two hour drive from Toronto to the farm.

THIS CATALOG ARE UNRETOUCHED.**

Sunday . . . the day before the Louada sale is always an experience no Shorthorn enthusiast wants to miss. It is filled with the kind of relaxation you enjoy most. Because there is so much to see, the largest "day before" crowd of the year gathers at Louada. The afternoon hours are devoted to looking at the cattle. At 6 p.m. the crowd will gather at the lodge for an evening of relaxation and a buffet.

Please keep in mind that it is about a two hour drive from Toronto to the farm and your visit will work out best if you plan to arrive on Sunday. Remember, too, the finest group of people in the world are in the Shorthorn business. You owe it to yourself to know them all better. There is no place like the Louada sale to accomplish this.

The bulls are all displayed outside in grassy lots.

## THE WORLD'S MOST POTENT BLOODLINE . . . .

These four Louada bulls, three by Bapton Constructor, placed one, two, three, four in the senior bull calf class, 1958 International. On the extreme right is **Louada Bomber**, 1958 International grand champion. Others from left, **Louada Beaver**, fourth, **Louada Paragon**, third, **Louada Regalia**, second.

**Bapton Roan Robin**, pictured at right, was the first son of Bapton Constructor. Retained as a stock bull at Bapton. After a highly successful career at Bapton, he was sold for export to Ian McLeod, New Zealand. Bapton has retained sons to continue this line in their herd. His sons and daughters have been champions and top sellers in both Scotland and North America. They are in service on several continents.

The true measure of a sire's worth is the way his blood carries on into the second, third, and succeeding generations. Many times this potency is not discovered until after a bull is dead. Although Bapton Constructor has just turned six years, we can at Louada today show you great grandsons — sired by Kinellar Royal Robin, the bull we have selected to carry on this line. We can also show you calves by a half dozen different sons of Bapton Constructor.

Throughout North America, evidence of the potency of Bapton Constructor is showing itself more each day. At right, is the junior get-of-sire by Louada Aristocrat, one of the first Louada bred sons of Bapton Constructor. They were first at the recent Fort Worth show for W. C. Anderson & Son, West Liberty, Iowa.

*Let's talk about* CONSTRUCTOR DAUGHTERS . . .

We have discussed some of Bapton Constructor's sons . . . now for a word about his daughters. Five are pictured above. The greatest strength of the Louada herd lies in his daughters. Thirty-two of these daughters are being sold on May 22.

Louada Luxury. Reserve Grand Champion Female, 1958 International. Reserve senior champion, 1959 International. A full sister to Louada Landlord.

In the Louada breeding program, we have used several of the best sons of Bapton Constructor. We are very proud of their calves . . . they will speak for themselves at the sale.

### **LOUADA LANDLORD**

This red full brother to the 1958 International Reserve Grand Champion Female, Louada Luxury, was held here all last season as herd bull insurance. Late last fall we sold him to Hanson Heights Farms, Connersville, Indiana. His dam is Millhills Luxury 8th. We have no picture of Louada Landlord, but at left is a photograph of his famous full sister which was taken from a judging series that appeared in The Shorthorn World last summer.

### **LOUADA NUGGET**

The top selling bull of our 1959 sale at \$12,200 going to Hi-Ho Farms, Phoenix, Maryland. Picture on page 71. Many of you who attended the 1960 Hi-Ho sale saw his first calves . . . and we have more just like them here at Louada. His dam is Calrossie Iona Ramsden by Calrossie Hyperbole.

### **LOUADA BONAPARTE and LOUADA BLOCKBUSTER**

Louada Bonaparte was sold in October, 1959, for export to Sr. Carlos Duggan of the Argentine for \$30,000. Louada Blockbuster is his red full brother, a year younger, sold privately last year to Norman Hogg, for the strong herd he is building at Uxbridge, Ontario. Another full brother sells at Lot 1 and pedigree information is available there. Some of the best calves in the history of Louada are by Louada Bonaparte. A recent letter from Sr. Duggan indicates his first five calves are excellent.

**LOUADA CORNERSTONE**

### **LOUADA MASTERSTROKE**

This son of Bapton Constructor was one of the best and was sold privately last year to Maclyn Plantation, Albany, Georgia. His dam is Bapton Mavis Crocus by Kirkton Hercules. She is the dam of Bapton Pioneer at Northwood Farms, Crystal Lake, Illinois. Her 1960 bull is one of the best on the farm.

### **LOUADA CORNERSTONE**

Reserve Grand Champion Bull, 1959 International. He sold in the 1959 Louada sale for \$11,500 to Leonard Buck, Allwood Plantation, Thomasville, Georgia. His dam is Louada Blood Royal 7th by Calrossie Armada. Besides the good calves at Louada, we have seen a number of other excellent calves by this bull, at Allwood and in other herds, purchased in dam from Louada.

### **LOUADA REGALIA**

1958 International Reserve Junior Champion. A half interest was originally sold to Fralawn Farms, Owen Sound, Ontario, for \$7,500. After using him two seasons and a third crop bred back they sold their half interest to the "Browns of Kentucky" for \$10,000. A great group of calves by him at Fralawn. We are retaining his son Louada Randolph for herd duty. One of the best heifers in the sale is by Louada Regalia.

**LOUADA REGALIA**

These eight impressive sons of **Bapton Constructor** sold at Louada for a \$7,419 average. Left to right: **Louada Command**, \$6,600, Shag Bark, Alexandria, Ky.; **Louada Advocate**, \$2,500, Scofield Ranch, Austin, Texas; **Louada Citation**, \$1,250, Dunn & Griese, Hartley, Iowa; **Louada Rodney**, \$6,500, Dave and Tom Garriott, Scottsburg, Ind.; **Louada Viking**, \$2,500, Winston Lawless, Winter Haven, Fla.; **Louada Raven**, \$5,000, Dr. W. A. Taylor, The Hickories, Pardeeville, Wis.; **Louada Bonaparte**, \$30,000, Senor Charles Duggan, Argentina; **Louada Barbarian**, \$5,000, Lloyd Burr & Son, Lone Tree, Iowa.

## OUR THOUGHTS ABOUT THE FEMALES . . .

The females being sold fall within the family groups we have sought to accumulate here at Louada. The foundation cows for the Louada herd were selected, not by expediency, but by the way they fit into our breeding program. The females selling were headed for replacement in the Louada herd . . . a part of a long range program to keep these families strong. Some of them are young . . . but for the breeder with an eye to the future this is an asset.

We hope some far sighted breeders will attempt to keep these families together . . . that you will consider a representative selection within families, or among families. Your purchases will thus supplement each other, and in my judgment, will each add extra value to the others.

In my opinion this is an unusual opportunity for those who are serious about improving their herds.

W. W. DONALDSON, Manager

## THE BLOOD ROYAL FAMILY

Left to right: Blood Royal 34th, Calrossie Augusta Aileen, and Blood Royal 33rd.

Without question this is one of the greatest families at Louada. An outstanding line of bulls have come forth from our Blood Royals . . . Louada Bonaparte, Louada Cornerstone, and Louada Blockbuster . . . all came from the grand old foundation cow Blood Royal 33rd by Calrossie Highland Leader. Louada Galahad, Louada Battleship, Louada Beaver, Louada Barbarian, all were out of her daughter Blood Royal 34th.

The Blood Royal family also produced Louada Bomber. With such an outstanding bull producing record it was only natural that we were reluctant over the years to part with any Blood Royals.

Five members of our Blood Royal family will be sold on May 22nd.

Looking over the International grand champion Louada Bomber are right to left, Luis Hearne, Argentina; Miss Duggan, Argentina; Brian Duggan, Argentina; Mr. and Mrs. S. G. Bennett, Scotsdale Farms, Georgetown, Ont.; and Mrs. Brian Duggan. Louada Bomber is from the Blood Royal family that came from Millhills.

**LOUADA BLOOD ROYAL 10TH** — A full sister to the dam of Louada Cornerstone and out of the same cow as Louada Bonaparte, Louada Blockbuster, and Blood Royal 34th, that has produced Louada Galahad, Louada Battleship, Louada Beaver, Louada Barbarian, also Louada Broadsword being sold in this sale. Sells with red heifer calf at foot by Louada Landlord.

## THE DRYNIE AUGUSTA 56ths....

**Louada Fearless.** This son of Calrossie Armada made a great record at The Hickories, Pardeeville, Wisconsin. After use in that herd for four years, he was sold to Ralph Bivin and Glenn Mangold, Illinois. Louada Fearless is out of Drynie Augusta 56th.

This family descends from Drynie Augusta 56th, perhaps as great a breeding cow as we ever owned. She was by Drynie Conquest and her dam was a grand cow by Naemoor Immaculate. Drynie Augusta 56th produced Louada Fearless, Louada Augusta Kate, 1956 Royal Winter Fair Champion, and Louada Augusta Queen, record priced female of our 1959 sale.

It was our plan to retain all the females of this family, and it was only to sweeten the female offering in 1959 that we included Louada Augusta Queen. Five female members of this family are being sold in this sale.

## THE AUGUSTA AILEENS

When visitors view the Louada herd, no cow comes in for more favorable comment than Calrossie Augusta Aileen. Her performance, and that of her daughters, provides additional proof. Five members of this family sell.

## 19 COWS WITH CALVES AT FOOT SELL . . .

We have never sold many cows with calves at foot, because we always figured it took them away from our future supply. However, in this dispersion we are forced to change our pattern. Nineteen cows have calves at foot. Eight are among the first by Kinellar Royal Robin, one by Bapton Constructor, ten by sons of Bapton Constructor.

## THE AUGUSTA JANETS

The Kirkton Augusta family is one of the breed's strongest and we secured one of the best in Augusta Janet, an outstanding daughter of Millhills Champion. Three members of this family sell, two daughters of Bapton Constructor, one granddaughter.

**Louada Forager**, \$8,000 top selling bull, 1956 Louada sale. Purchased by Almahurst Farms, Nicholasville, Kentucky, he went with that herd in their gift to the University of Kentucky. We used this bull liberally. Two of his daughters sell.

**LOUADA AUGUSTA ALISON** — Full sister to Louada Ambassador, herd sire for E. R. Hoyt in Colorado. From a great old Kirkton family. Due to calve about sale day to Kinellar Royal Robin.

The Louada Manor Farms Ltd. Dispersion

No matter how good one's herd sires, no herd ever bred improvers without a cow herd deep in pedigree strength and strong in quality. Because the herd bull program can be solved with one top animal, many breeders tend to forget female improvement.

A top quality herd of eighty cows, for example, will trace to perhaps eight or ten foundation females, their daughters, granddaughters, etc. How often do you have the opportunity to dip into a ready-made situation such as prevails in this sale? The purchase of one, two or more females in this dispersal can be the turning point in your herd's future.

It is unfortunate that this group of females must be sold from the Louada herd. They represent a great measure of the strength that came from owning Bapton Constructor. However, it is very fortunate for the breed that a strong herd will continue at Louada with Lou Cadesky and Wib Donaldson carrying on.

# TRAIN AND PLANE INFORMATION

## By air . . . Cleveland to Toronto

Planes leave Cleveland after the Acadia sale on Saturday, as follows: 6:35 p.m. arrival Toronto 7:35 p.m. Leave Cleveland 8:05 p.m. arrive 9:50 p.m. Planes on Sunday can be obtained at 7:45 a.m.; 11:10 a.m.; and 2:00 p.m. (Trans-Canada).

## By air . . . Chicago to Toronto and return

There are eight flights daily — each way — from Toronto to Chicago. These leave Chicago from Midway and O'Hare. (Trans-Canada.)

## By air . . . from other points

There is good service into Toronto from all major cities.

## By rail

You can take a sleeper out of Chicago to Toronto and return the same way. Trains generally leave Chicago about 8 p.m. and arrive in Toronto about 9 a.m. The train back from Toronto leaves about 10:00 p.m. We are not quoting exact times, because a time change in train schedules will take place on April 29 and schedules after that date are not available. From Cleveland train connections are not quite as good. It is a daytime train running from Cleveland through Buffalo to Toronto.

## By automobile

Those coming from the Acadia sale by automobile will find good super-highways all the way. It is about 300 miles from Acadia to Louada.

## By rail . . . Toronto-Peterborough

The train leaves Toronto about 9:30 a.m. arriving Peterborough about 11:00 a.m. There is an evening train about 6:30 p.m., another at 11:15. Trains back to Toronto after

the sale at about 7:45 p.m. . . . a good connection for the Chicago sleeper.

## Meeting you in Toronto

We will be happy to meet your plane. It is about a two hour drive to the farm. Try to arrive early enough Sunday so you won't miss the affair at the farm Sunday afternoon and evening. **Please advise us of your arrival time. Report to the flight information desk of Trans-Canada airlines. A representative of Louada will be nearby.** If you miss connections call the farm at Buckhorn, Ontario, Oliver 78792.

If you are coming by train, you may find it just as convenient to continue from Toronto by train to Peterborough. However, if this doesn't work out call the farm and we will include you in the cars that will be going from the airport.

Cars will also be going back to the airport after the sale.

## Cars from Peterborough

If you are without transportation upon arriving in Peterborough, contact the farm. On sale day cars will leave from the motel area and the Empress at approximately 8:00 a.m. and 9:00 a.m.

*We urge you NOT to make your connections so close that you arrive in Toronto Monday morning.*

## Attend the Acadia Sale

An excellent group of cattle will be sold by Acadia Farms, Northfield, Ohio, on May 20, the Saturday ahead of the Louada sale. This will make one of the biggest Shorthorn week-ends in history. The two sales will contain approximately 140 head of the finest Shorthorns ever offered.
